

## 10+ YEARS OF ELECTRIC TRANSMISSION INNOVATION & ACHIEVEMENT

 **52**

miles of transmission lines operational in 2016.

**70**

miles of new electric transmission lines constructed, 2021-2024.

**20+**

new or modernized stations completed, 2021-2024.

**5**

fully energized transmission projects now in operation.

**1**

new phase angle regulator substation expected to be energized in 2025.

**90**

miles of new transmission lines in permitting.

**ADVANCING CLEAN ENERGY DELIVERY**  
for a healthier environment.

**PROVIDING JOBS & ECONOMIC OPPORTUNITY**  
for local unions, communities & businesses.

**DESIGNING & BUILDING PROJECTS**  
to withstand extreme weather and meet tomorrow's energy needs.

## New York State's Transmission System Needs Our Help

**CARRIES ELECTRICITY**  
from where it's generated to serve New York homes and businesses.

**IS ESSENTIAL**  
to our daily lives from living rooms to operating rooms and everywhere we need power.

**IS AGING**  
and wasn't built with today's growing energy needs in mind.

## WHAT WE DO

NY Transco has decades of New York energy experience, delivering safe, efficient electric transmission solutions.

We focus on building community connections, supporting local jobs, improving reliability, and reducing energy prices.

Our expertise in engineering, project management, and regulatory affairs makes us problem solvers for New York's energy challenges.

Through our commitment to innovation, we're helping shape a more resilient and reliable energy future.

**Our Company.  
Our Culture.  
Our Commitment.**

## WHO WE ARE

New York Transco ("NY Transco") is a New York based, New York-focused developer, owner and operator of electric transmission solutions and facilities that serve customers throughout New York.

## OUR APPROACH

Our transmission projects are built with a community-first approach. From engineers and project managers to environmental staff and construction crews, NY Transco ensures that local values and voices are reflected in every aspect of the project. We prioritize the safety, health, and environmental well-being of the communities we serve.
